

MACBEAN BEIER PLASTICS T/A

Colour Chart

Please note: This PDF contains actual scans of coated fabrics as well as a swatch matched for approximate onscreen viewing, and must be used as a guide only. The colour you are seeing will also be dependent on the quality of the device you are viewing on.

Printing this document will NOT produce an accurate colour representation.

For up to date information on the various colours available please check your sample book, or contact your nearest sales centre.
